One out of the 2 alternatives can be chosen by the filler of this statement.

### **1. The organization represented by me is a company (open joint stock company) introduced on regulated European markets (stock exchange) or on equivalent markets.**

It should be chosen in case the client represents NOT him/herself, the cash deposited/withdrawn by him/her is NOT his/hers own cash and the representative of the organisation is an authorised person or just an agent. The cash in question belongs to the person, who is the beneficial owner, who can only be a natural person in all cases.

However, the organisation represented by him/her is a company introduced on regulated market (stock exchange) and according to the Act on the Prevention and Combating of Money Laundering and Sanctions Financing it does not have an individual beneficial owner.

The data table must be crossed; the document must be dated and signed.

### **2. The legal entity or the organization without legal entity represented by me, acts on behalf of the persons below as beneficial owners**

It should be chosen in case the client represents NOT him/herself, the cash deposited/withdrawn by him/her is NOT his/her own cash but acts as the representative of the organisation is an authorised person or has an authorization on mandate. This authorized person may act on behalf of a natural person (the personal data of this natural person must be written in the table) or may act on behalf of another organisation as well.

In case the commissioner is a legal entity or an organization without legal entity, the personal data of the beneficial owners of these entities must be written in the table.

#### **For example:**

If an employee of a real estate company takes a loan or terminates a contract of another legal person or unincorporated customers based on a commission order, then the beneficial owners (natural persons, in each case) according to AML Act of represented entity should be identified. (That is, there are between the direct or indirect individual beneficial owners such persons whose ownership share reaches 25% or otherwise has effective control or a controlling influence or if no such persons exist than the CEO of the represented entity).
